Their aim for this year is to keep the activities going and continue to work closely with Marine Conservation Society, Surfers Against Sewage and Keep Britain Tidy. They do not currently have any financial backing but have applied to various grant funding organisations.

Councillors were given an opportunity to ask questions.

18019. To ratify the 2018/19 Budget

An error had been discovered in the calculation of the percentage increase for the 2018/19 budget. Instead of the announced 7.24% the increase would have been 14.52%. The F&GP had reconsidered the budget following the discovery of the error and a recommendation was made to Full Council to transfer a further £10,000 from the reserves which equates to an increase of 10.58% from the 2017/18 budget.

Cllr Giles proposed the following motion:

This council notes the inaccuracy in the 2018/19 budget reflected in report 06/2018 dated 18th January 2018 and resolves to accept the amendment as presented this evening by increasing the amount of reserves by an additional £10,000.

The motion was seconded and a vote took place unanimously **agreeing** to the motion.

Brixham Chamber of Commerce Executive

At the most recent meeting of Brixham Chamber of Commerce's Executive Committee the principal matters for discussion were the forthcoming Annual General Meeting of the organisation and the public misrepresentation of the Chamber's position regarding funding support for the Pirate Festival in May.

- The Executive were concerned that despite being one of the most successful Chambers of Commerce in the South West there remains a lack of membership interest in taking up posts on its Executive Committee. After a lot of soul searching all of the current Executive are offering to stay in post for a further year but there will also be a concerted drive to populate the role of Secretary as the Chairman has covered both roles in the past year but business commitments preclude this being a possibility going forward.
- The organisers of the Pirate Festival had publicly misrepresented the position of the Chamber of Commerce over their lack of support for this year's event. The reality is that funding was provided in April 2017 for last year's event and the organisers came back for further funding just 6 months later, at a time when Chamber finances were in a difficult position as a result of bad weather affecting market trading in 2017. They were told that the matter would be considered in the New Year, ahead of the scheduled Festival but BCC were publicly criticised for their "failure" to back the event and members agreed that this misperception should be addressed through various media outlets. The Executive were informed that a few members had lapsed their membership as a result of the misreporting.

The other matter of note to Brixham Town Council is that members asked questions about the planned Information Point which it was not possible to answer regarding content and advertising sources.

Members ask questions, made suggestions and commented as follows:

- what sort of fanfare will accompany the launch of the information point?
- what information will the interactive kiosk display?
- can we provide them with an early warning of the content so that they can direct members to its availability and usefulness?
- there are still stands available at the forthcoming English Riviera Tourism Company Trade Show on 8th March. Members suggest that we contact Angela Wright on 296296 or 07713 880558 and book a stand at a cost of £95 in order to promote the information centre around the bay and to make contact with the new company in order to forge a relationship with them to complement their work in the Bay.
- Alex Foley of the Guardhouse Café says that business will be interested in advertising once there is data on the amount of usage of the interactive kiosk and the information centre in general. What methodology will we be employing to provide this information
- Will tourists be directed towards Middle Street as well as other parts of the town?

Car Park

At the Chamber Executive meeting on Thursday 11th January 2018 members discussed ongoing concerns surrounding car parking in Brixham and resolved to continue pressing for a sustainable solution to the volume of spaces, charges and monitoring and will continue to press Councillors and the Highways Department of Torbay Council for improvements.

Oxen Cove

Some discussion took place about the future of Oxen Cove and the necessity for Torbay Council to hold meaningful consultations with the community while recognising that the area has long been earmarked for development.

Executive 2018/19

The executive noted that there has been no interest shown by members of Brixham Chamber of Commerce in standing for posts at the forthcoming AGM. The current Executive will therefore put themselves forward for appointment although they all recognise that some adjustment to their structure will be needed to ensure a proper balance between their commitment to the Chamber and their own business interests.

Brixham Does Care

Thanks were recorded to BTC for the grant received this was much appreciated and an enormous help to them.
