## **Introduction**

This document forms the Council's Training Statement of Intent for its employees. A separate Training Strategy identifies Member Development.

It sets out:

- The Council's commitment to training
- The identification of training needs
- Corporate training
- Financial assistance
- Study leave
- Short courses/workshops
- Evaluation of training
- Links with other policies
- Reporting on progress

## **Commitment to Training**

Brixham Town Council is committed to the on-going training and development of all employees to enable them to make the most effective contribution to the Council's aims and objectives in providing the highest quality representation and services for the people of the town.

Brixham Town Council recognises that its most important resource is its employees and is committed to encouraging employees to enhance their knowledge and qualifications through further training. Some training is necessary to ensure compliance with all legal and statutory requirements.

The Council expects senior employees to undertake a programme of continuing professional development (CPD) in line with the requirements of their requisite professional bodies and all employees to undertake training as deemed necessary to fulfil their duties in accordance with their contract of employment and job description.

Providing training yields a number of benefits:

- Improves the quality of the services and facilities that Brixham Town Council provides;
- Enables the organisation to achieve its corporate aims and objectives;
- Improves the skill base of employees, producing confident, highly qualified employees working as part of an effective and efficient team; and demonstrates that the employees are valued.

Training and development will be achieved by including a realistic financial allocation for training and development in the annual budget, as well as taking advantage of any relevant partnership or in-house provision available.

The process of development is as follows:

- Training needs should be identified by considering the overall objectives of the organisation, as well as individual requirements.
- Planning and organising training to meet those specific needs.
- Designing and delivering the training.
- Evaluating the effectiveness of training.

### **The Identification of Training Needs**

Employees will be asked to identify their development needs with advice from their line manager during their annual appraisal or regular meetings with their line manager. There are a number of additional ways that the training needs of employees may be recognised:

- Questionnaires
- During interview
- Following confirmation of appointment.
- Formal and informal discussion (e.g. as part of staff Annual appraisal process)

Other circumstances may present the need for training:

- Legislative requirements i.e. First Aid, Fire Safety, Manual Handling.
- Changes in legislation
- Changes in systems
- New or revised qualifications become available
- Accidents
- Professional error
- Introduction of new equipment
- New working methods and practices
- Complaints to the Council
- A request from an employee
- Devolved services / delivery of new services

Employees who wish to be nominated for a training course should discuss this in the first instance during their appraisal; where it will be determined whether the training is relevant to the Council's needs and / or service delivery.

### **Corporate Training**

Corporate training is necessary to ensure that employees are aware of their legal responsibilities or corporate standards e.g. Health and Safety, Risk Management and Equal Opportunities. Employees will be required to attend training courses, workshops or seminars where suitable training is identified.

### **Resourcing Training**

An allocation will be made in the budget each year to fund training fees and travel expenses. The amount will be reviewed annually.

The Town Council subscribes to the National Association of Local Councils, Devon Association of Local Councils, The Society of Local Council Clerks and South West Councils in order to receive regular up-dates on matters relevant to the sector and have access to the courses and conferences which are provided.

There will also be sufficient funds set aside for appropriate technical literature and other information.

## **Financial Assistance**

It is important to note that all sponsored training must be appropriate to the needs of the Council, be relevant to the individual's role and is subject to the availability of financial resources.

Each request will be considered on an individual basis and the benefits to the individual and the Council will be identified.

Other considerations include the following:

- Implication of employee release for training course(s) on the operational capability of the Council
- The most economic and effective means of training
- Provision and availability of training budget

For approved courses employees can expect the following to be sponsored:

- The course fee
- Examination fees
- Associated membership fees
- Payment to re-take a failed examination

Employees attending assisted courses are expected to inform the Town Clerk immediately of any absences.

Failure to sit an examination may result in the Council withdrawing future course funding and / or requesting the refunding of financial assistance. Each case will be considered on an individual basis.

## **Study Leave**

Employees who are given approval to undertake external qualifications are granted the following:

- Study time to attend day-release courses
- Time to sit examinations
- Study time of one day per examination (to be discussed and agreed by line manager in advance)
- Provision of study time must be agreed with the line manager prior to the course being undertaken.

## **Short Courses/Workshops/Residential Weekends (including conferences)**

Where employees attendance is required at a short course on a Saturday or Sunday, up to a normal working day of straight TOIL per day may be taken.

Employees attending approved short courses/workshops/residential weekends can expect the following to be paid:

- The course fee (usually invoiced following the event)
- Travelling expenses will be reimbursed at cost for public transport and parking on presentation of a receipt at the next F&GP Committee
- Fuel expenses will be reimbursed at the HMR&C rate recommended
- Subsistence at a rate of £15 per day only if away overnight

## **Evaluation of Training**

Records of all training undertaken by employees will be kept on file.

As part of Brixham Town Council's continuing commitment to training and development, employees are encouraged to share information received and circulate training presentation papers for in-house training use. They are asked to provide feedback on the value and effectiveness of the training they undertake highlighting in particular the key implications of new legislation, guidance and/or best practice for the on-going efficiency and effectiveness of the authority.

## **Linking with other Council Policies**

How will this link to the Council's other policies?

- Equality of opportunity in all aspects of employee development;
- A policy for training employees is a requirement of the Accreditation of Local Council Award Scheme;
- Risk Management Policy – a commitment to Training and Development greatly assists in achieving good governance and an effective system of Risk Management;
- Health and Safety Policy – on-going training and development is key to ensuring a positive approach to Health and Safety is embedded throughout the authority;
- Undertaking training is a clear indication of Continuing Professional Development.

## **Conclusion**

The adoption of a training policy should achieve many benefits for the Council.

Training will:

- Widen skills and experience
- Provide opportunities to network
- Provide the skills to confront challenges
- Encourage innovation
- Raise the standards of Brixham Town Council
